

H.E. Dr. Ahmed AlKhazraji Bio
Executive Director, Healthy Living, Department of Health Abu Dhabi

H.E. Dr. Ahmed AlKhazraji serves as the Executive Director of the Healthy Living Unit at the Department of Health, a whole-of-government delivery unit with a mission to create the most active population, supported by a healthy food system, within a health-conscious society. Bringing together government entities, private sector partners, and communities, he is 'hard-wiring' prevention and wellbeing in Abu Dhabi through system-level changes that make healthy choices the default in citizens and residents' everyday lives.

His immediate past role was the Acting Director-General of the Abu Dhabi Public Health Center, where he led and launched critical public health initiatives focused on preventing disease, prolonging life, and driving a culture of health and safety among Abu Dhabi's citizens and residents, as well as emergency response operations related to infectious diseases, disasters, and crises. He has also served as the Executive Director of Strategy & Policy at the Department of Health, and Director of Health Affairs at the Abu Dhabi Executive Office.

Dr. AlKhazraji has over 15 years of health and healthcare experience across public and private sectors, and has been recognized for his successes in driving large-scale government initiatives, advancing critical health programs, and transforming organizations. He is a Fellow of the American College of Healthcare Executives (FACHE), and an alumnus of the UAE Prime Minister's Office Government Executive Leaders program. He completed his doctorate, master's, and bachelor's degrees at the University of Southern California and Marquette University, in the United States.
